PM #636

We should explore prior work in this area to be sure this invention broadens the scope we wish to cover.

I would not, in this instance, allow potential adverse publicity to influence a decision regarding filing.

PM #690/695

There is a great deal of work going on in this area. If broad claims can be envisioned, I would recommend filing.

PM #697

I would recommend filing as soon as possible.
